BRIEF DESCRIPTION OF PROJECT AND RELEVANCE TO THIS CONTRACT

KAS was engaged to develop Design & Construction Documents based on the master plan which was completed in 2016. The project included a multi-phased renovation & addition to the facility.

Phase 1- The first phase included a relocation and enlargement of the Laboratory. The laboratory was relocated to a space adjacent & enlargement to the Emergency Department. An addition of a new entrance centered on the building and aligned with a new 24 bed inpatient wing.

Phase 2 - Included the relocation of materials management from the basement to the vacated Lab space and was equipped with a loading dock.

Phase 3 - Complete renovation of the north ½ of the surgical suites to allow the continuation of some surgical procedures and a renovation of former patient rooms for administrative functions.

Phase 4 - Complete renovation of the south ½ of surgical suite and renovation of Dietary.

Renovation: 19,245 Sq. Ft. – New Construction: 13,665 Sq. Ft. Cost: \$11,551,169

Role: Architectural, Civil, Structural and MEP.
