BRIEF DESCRIPTION OF PROJECT AND RELEVANCE TO THIS CONTRACT

Junior Achievement is an organization whose programs educate young people to value free enterprise, business and economics through the support of teachers, parents, and business volunteers in the classroom. This facility was constructed to allow implementation of these personal finance and practical workplace skills in a hands-on environment. JA BizTown, a major component of the building combines in-class learning with a day-long visit to a simulated town. This program allows elementary school students to operate banks, manage restaurants, write checks, and vote for mayor. The remainder of the building houses meeting and administrative spaces.

10,636 Sq. Ft. Cost \$2,651,000,

Role: Architectural, Interiors, Structural, Civil and MEP.
