BRIEF DESCRIPTION OF PROJECT AND RELEVANCE TO THIS CONTRACT

Allied Stone provides a significant amount of solid surface, marble and granite for homes constructed in the Midwest and Southwest parts of the country. This particular plant serves OK and Northern Texas. The building was classified as an Unlimited Area building and contained no fire separation walls. The building housed employee facilities, material storage and two lines of equipment to process the surface materials.

200,000 Sq. Ft. Cost: Not Disclosed
