BRIEF DESCRIPTION OF PROJECT AND RELEVANCE TO THIS CONTRACT

While with a previous firm, Matt King designed this 2 story Federal Qualified Health Center (FQHC) facility housing administrative, clinical, dental and mental health care services. The design of the building utilized the context of Kendall Whittier to shape the form with brick and cladding to have strong ties to neighboring historic architecture.

16,000 Sq. Ft. * \$3,360,000 *
